GUIDELINES ON THE ESTABLISHMENT MANAGEMENT AND OPERATION OF WARD DEVELOPMENT COMMITTEES

2021

FOREWORD

The Government of the Republic of Zambia is committed to actualising a devolved system of governance as prescribed in the Constitution (Amendment) Act No. 2 of 2016. Article 147 of the Constitution provides that the management and administration of the political, social, legal and economic affairs of the State shall be devolved from the National Government level to the Local Government level. Further, Article 148 establishes that local governance shall be undertaken through sub-structures as platforms for citizen participation in decision making and development process at the local level. In affirming the provisions of the Constitution, Part V of the Local Government Act No. 2 of 2019, provides for the establishment of Ward Development Committees.

The Guidelines on the Establishment, Management and Operations of Ward Development Committees (WDCs), therefore, provide a significant demonstration of Government's assurance towards the implementation of Constitutional provisions on Decentralisation. The guidelines also provide linkages among the Ward Development Committee, the Local Authorities and other existing sub-structures at the local level.

I, therefore, wish to appeal and urge all stakeholders to utilise these Guidelines and ensure that developmental processes at the Sub-district level are in tandem with Government's aspirations to actualise decentralisation for sustained local level development.
